

Alex McMullan

CTO, EMEA

Alex McMullan serves as the Chief Technical Officer of EMEA at Pure Storage, where he is a senior technical advisor to engineering, product management, sales, marketing and presales leadership in the field.

Prior to Pure Storage, Alex oversaw storage, database and data warehouse engineering at Barclays. Before joining Barclays in 2008, Alex managed the storage and distributed computing infrastructure at UBS starting in 2004.

Alex began his career writing flight/test software at British Aerospace, CAD 3D modeling software at Parametric Technology and the RDBMS engine at CA for Ingres before moving into infrastructure design and implementation. Alex transitioned into professional services at Sun and VERITAS.

Alex holds a Bachelor of Science and Master of Science in engineering from Liverpool University.
