

Charlie Giancarlo has served as CEO of Pure Storage since August 2017. He has a three-decade track record of driving growth and innovation at leading global technology companies. Before joining Pure, Charlie served as Managing Director, Head of Value Creation and later Senior Advisor at Silver Lake Partners from 2007 to 2015, where he focused on business improvement and investment opportunities across strategic and operational initiatives for Silver Lake’s portfolio companies.

Prior to Silver Lake, for over a decade Charlie served in senior executive roles at Cisco Systems, including Chief Technology Officer and Chief Development Officer. At Cisco, Charlie led Cisco’s multi-product growth, and was at the forefront of the Company’s R&D efforts for all product lines, with entry into new markets, including IP Telephony, WiFi, VPNs, TelePresence, and the SMB market.

Charlie received a Bachelor of Science in Engineering from Brown University, a Master of Science in Electrical Engineering from the University of California, Berkeley, and a Master of Business Administration from Harvard Business School.
