

Chadd Kenney serves as the Vice President of Product and Solutions at Pure Storage, where he leads product and solutions strategy, messaging, and solutions engineering. Previously Chadd was the VP & Chief Technology Officer for the Americas, driving the long-term vision and technical strategy of Pure Storage. Chadd joined Pure Storage in 2012 as an early founding member of the technical staff, driving the development of the go-to-market strategy and creation of the sales force that disrupted the storage industry. Before Pure Storage, Chadd spent 8 years at EMC in various roles including Field Chief Technical Officer, Principal Engineer, and Project Management.
